Deedie,

I've been assigned to do the ballot layout for your upcoming election. On the Ballot Assignment Chart, there are a number of precincts that I can not positively identify as being with Post Falls or Coeur d'Alene for the Mayor and City Council Person Seats 2, 4 and 6 contests. I have my suspicions but rather than guessing, I thought we'd have better results if I had you list which precinct goes with which city. You should be able to tab to the box behind the precinct name to enter which city it belongs to.
