Yes. We did put them up to help out the business as the parking lot was pretty much a construction zone. We also figured the signs would keep students from parking there all day and some of our employees.

Gordon gave us the ok. I think J No? Oh my bad!

Respectfully,

Garry

Good day Garry and Gordon,

This is my follow up to signs that I now have in my office.

Garry, where you aware of the signs mentioned below?

Thanks,

Troy

Troy, the college put those up as a goodwill gesture because of the pain I had to endure during construction and to help keep students and NIC employees from parking there all day. I guess the City doesn't share that goodwill. The signs didnt do any harm whatsoever. SW

Good day from the City,

Street department personnel took down three signs near the Ft. Ground Grill that had printed on them:

Restaurant Parking Only

2 Hour Limit

They have a red background with white lettering. I am told they were in the City right of way.

You wouldn't know anything about such signs or anyone interested in having them back would you?

Just checking.
